3 July 1962

MEMORANDUM FOR: Whom It May Concern

SUBJECT: Performance of [redacted]

STAT

1. Over a period of some 15 years I have worked with [redacted] and reviewed his performance in many sub-fields of photographic reconnaissance systems and related photographic technologies. His performance has been outstanding.

STAT

2. His duties have required an advanced professional knowledge of the state of the art as he has continued to probe the "interface" frontiers of many photographic disciplines in the constant search for increased systems capabilities and efficiencies. His work has been lauded by high U.S. officials as well as selected high ranking international specialists. [He holds many patent disclosures covering a wide range of photo technology subjects plus significant commendations in military fitness folder.

3. [redacted] performance reflects high credit on the quality, depth and variety of his Navy experience which he has kept updated by extensive travels throughout the world. He knows and is known by all major U.S. companies involved in the development of reconnaissance systems, cameras, sensors and related photo technologies. He is respected by all and sought after by many. His other personal attributes are also consistent with his high rating. [A strong leader, personable, sound in judgment and effective as a manager.

STAT

4. Based on my knowledge of this man and some 20 years military experience, (I have no reservations in rating [redacted] as the top SDO 1640 in the Navy. I would be most pleased to have him on my staff and recommend him most highly for your consideration.
